LED Indicators

Solid Red

Radio is charging.

Blinking Red

Radio has failed the self-test upon powering up, has Mute mode enabled, has moved out of range if Auto-Range Transponder System is configured, is receiving an emergency transmission, is transmitting in low battery state, or is encountering charging errors.

Solid Green

Radio is powering up, is transmitting, or is sending a Call Alert or an emergency transmission.

Blinking Green

Radio is receiving a call or data, is turned on and idle, or is detecting activity over the air.

Double Blinking Green

Radio is receiving a privacy-enabled call or data.

Solid Yellow

Radio is monitoring a conventional channel.

Blinking Yellow

Radio is scanning for activity, is receiving a Call Alert, has Flexible Receive List enabled, or all Capacity Plus-Multi-Site channels are busy.

Double Blinking Yellow

Radio has Auto Roaming enabled, has yet to respond to a Group Call Alert, is actively searching for a new site, is not connected to the repeater while in Capacity Plus, is locked, or all Capacity Plus channels are busy.
